2023 Expenses

2023 Income

The Patagonia Youth Enrichment Center is thriving and supported thanks to the generosity of donors like yourself. Support for the Center is an investment in our collective future. For 10 years the Center's work has created positive change for hundreds of young people, encouraging a sense of belonging, direction, and positive life choices. More than 80% of the funds raised in a given year come from individuals looking to help support youth. Your contributions have had a significant impact on our community. We remain grateful for your confidence and continuing support.
